What is the Musical Theater?

It is a unique art form that combines song, theatre and dance in a unique way, while expressing a story with a lot of emotion and a magical result. The Musical Theater offers multiple benefits to students, such as:

1. It fosters the **creativity**, **discipline** and **dedication**, so the children will reach the desired levels of their artistic expression.
2. Encourages the **collaboration**, the **communication** and the **teamwork** as it is live show.
3. Through the underact of different roles, it forces children to look inside themselves but also to take the place of the other (**empathy**), to create strong **emotions** and motivates them to listen to the problems of the modern days.
4. It fosters the **critical thinking** and shapes a **moral** character, as the musical theater interprets the problems of the modern era.
5. It develops the **concentration**, as it combines dance, theater and singing, thus improving the **coordination** of children.
6. It **entertains** through the music, dance and singing in a quality way, which makes children happy.

Trinity College London Exams

The Musical Theater course is **examined** (optional) either individually or in groups by **Trinity College London**. Through the exams children can obtain **UCAS points**, which they can use in any study applications in the UK. More information can be found at www.ucas.com

- For the students who study in any other dance or musical instrument/vocal department at the Future Academy Of Arts, are entitled to **a reduction of € 15** for the tuition of the musical theatre fees for the academic year 2024-25.
- There is also the option for individual lessons, the "**Musical Theater - solo**". For the availability of hours and for arrangement a personal meeting, please contact the Secretary's office at 70088812.
- Learn more about the department's teaching team at futureacademyofarts.com/en/musical-theatre/

Classes begin: Monday, 2nd September 2024.
