

MUSIC CLASSES FOR TODDLERS, PRESCHOOLERS and ENSEMBLES

It is with great pleasure that we announce the new schedule for the Music Classes for Preschoolers and Toddlers and the Ensembles for Children for the new academic year 2024-2025.

- The prementioned classes give the opportunity to children to develop their primary musical knowledge, their creative potential, along with development in their social skills and exploration of their emotions. In addition, it is without doubt that they boost their confidence and memory skills. These classes have as their core method to absorb music characteristics and skills through games, musical stories, aural musical listening, exploration of instruments through rhythms, sounds, and melodies.
- All skills that children of ages 6 months – 5 years are exposed to are practically applied in the Musical Ensembles classes for children 5-8 years of age. Children of 5-8 years of age are ready to apply knowledge of primary musical staves and notation, musical vocabulary, and values.
- For more information please refer to the appropriate analytical information leaflet of each group at [detailed information leaflet of the department](#).
